PROFESSIONAL SUMMARY

Results-driven Associate Software Engineer at Accenture with 8+ months of experience designing, developing, and maintaining enterprise-grade web applications. Skilled in full-stack development with expertise in Angular, .NET, C#, React.js, Node.js, MongoDB, SQL, and Amazon Aurora. Hands-on experience with cloud platforms including Microsoft Azure and AWS, along with CI/CD pipelines and Agile development practices. Strong problem-solving skills and a passion for building scalable, high-performance, and user-centric applications while collaborating effectively in cross-functional teams.

TECHNICAL SKILLS

Frontend: Angular, React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript (ES6+)

Backend: .NET (C#), Node.js, RESTful APIs

Databases: SQL Server, MongoDB, Aurora DB, Firebase Firestore

Cloud & DevOps: Microsoft Azure, AWS, Firebase, Git, GitHub

Tools & Platforms: Visual Studio, VS Code, Postman, JIRA

Other: DBMS, ORM (Mongoose, Entity Framework), Agile/Scrum

WORK EXPERIENCE

Associate Software Engineer | Accenture

October 2024 – Present

Project: iDIGI (Internal Enterprise Application) — Angular, .NET/C#, Azure, AWS, AuroraDB

- Developed and maintained enterprise web applications as part of the iDIGI internal project using Angular, .NET (C#), SQL Server, and Azure.
- Built responsive front-end modules in Angular with component-based architecture, ensuring cross-browser compatibility and optimal user experience.
- Designed and implemented RESTful APIs in .NET/C# for seamless data exchange between client and server layers. Managed travel details and itineraries across multiple countries and international flights within the application,
- handling complex data relationships and real-time updates.
- Handled bug fixing, debugging, and performance improvements across multiple web application modules, reducing issue backlog and improving system stability.
- Collaborated in an Agile/Scrum team environment, participating in sprint planning, daily stand-ups, and code reviews.
- Leveraged Microsoft Azure for deployment, resource management, and cloud infrastructure configuration.
- Worked with SQL Server for data modeling, query optimization, and stored procedure implementation.

EDUCATION

B.Tech – Computer Science & Engineering- DSMNRU, Lucknow • CGPA: 77.2%

2019 – 2023

Intermediate (XII) - PrivateCandidate,Gorakhpur • 64%

2018 – 2019

PROJECTS

E-Learning Web App — Firebase, HTML, CSS, JavaScript

- Implemented Google Authentication via Firebase Authentication for secure and seamless user login.
- Built dynamic course browsing, enrollment, and access features with real-time data updates using Firebase Firestore.
- Designed a fully responsive, modern UI with HTML, CSS, and JavaScript for optimal experience across all devices. Developed a personalized user dashboard with progress tracking, quiz completion status, and enrolled course management.
- Architected content strategy and data structure to enhance website performance and user engagement.

SOFT SKILLS

Problem Solving • Time Management • Adaptability • Critical Thinking • Team Collaboration • Smart Working • Good Listener
